

DOKO BATTLEFIELD

Where Combat Meets Culture, Tech, and Community

Location: Atlanta, GA

Founder: Treneese Johnson

Contact: treneese.johnson@dokobattlefield.com

GitHub: github.com/DOKO-Battlefield/DOKO_Battlefield

The Concept

DOKO Battlefield is a tech-powered, immersive combat sports and entertainment venue that fuses ancient warrior disciplines with modern innovation. Guests step into a Japanese-inspired indoor realm filled with blossom trees, dojos, VR arenas, and training halls — all while engaging in archery, kendo, fencing, axe throwing, and dagger combat.

Every guest wears a **smart QR-coded necklace** that tracks their place in line, alerts them when it's time to compete, and captures personalized videos/photos from their journey — turning combat into memory and community.

What Makes DOKO Different

- **Smart QR Code Necklaces** – Real-time alerts, media access, waitlist tracking.
- **Immersive Indoor-Outdoor Design** – Enter through a digital screen into a warrior's world of blossom gardens, dojos, theaters, and themed dining.
- **VR Combat Rooms** – Rhythm-based simulations powered by the NAQI VR game.
- **Live Arenas + Training Rooms** – Video capture, ambient lighting, and cinematic sessions.
- **Combat as Culture** – We honor tradition while building a future of connection, pride, and purpose.
- **Media Vault App** – Replay, share, and download your moments anytime.

Business Model

- Memberships & walk-in activity fees
- Instructor-led training sessions
- Performance room bookings with media capture
- Food & beverage sales (across 3 dining concepts)
- Merchandise and gear shop
- Corporate & private event rentals
- VR game & digital content integrations

Target Audience

- Ages **10–45**: families, students, fighters, creatives, and corporate teams
- Fans of combat sports, tech-driven experiences, and immersive worlds
- Schools, youth groups, and organizations seeking powerful team-building

Highlight Features

- Archery, Axe Throwing, Kendo, Dagger Throwing, Fencing
- Indoor Japanese gardens, glass-roofed ceilings, dojo-inspired architecture
- Rhythm-based VR Combat Rooms (via NAQI Game) + Multipurpose Event Spaces
- Personalized video + photo recap after every session
- Live waitlist displays, mobile app syncing, and wearable alerts

Vision & Funding

We are seeking **\$49.8 million** to acquire land, build and furnish our flagship DOKO Battlefield location in Atlanta, and launch our multi-tech platform — including smart wearables, media vaults, and rhythm-based VR combat systems.

DOKO Battlefield is more than a venue — it's a movement. A new way to engage with culture, strength, and belonging. Our vision is to expand across cities, building a legacy of immersive athletic experiences that inspire generations.

Let's bring ancient strength into the future.
