- 8–10 immersive sport zones
 - Two restaurants + bar
- Wearable-powered missions
- Feast Field experiential dining
 - Naqi VR experience
- Studio-quality media system
- National + international expansion

WHY NOW

Topgolf proved the “sports x tech x entertainment” model.

Immersive play are the fastest-growing categories in recreation.

Detroit’s creative, athletic, and cultural energy makes it the ideal first market.

WHY ME

I have spent over a decade creating worlds — in film, art, engineering, and technology.

My purpose has always been to **unify people through the experiences I build.**

DOKO is the first of many.

This is not just entertainment.

This is a movement.
